

## LABELS

Since the inception of thermal printers American Label has been making labels for them. We've been serving Utah businesses like yours for close to 40 years.

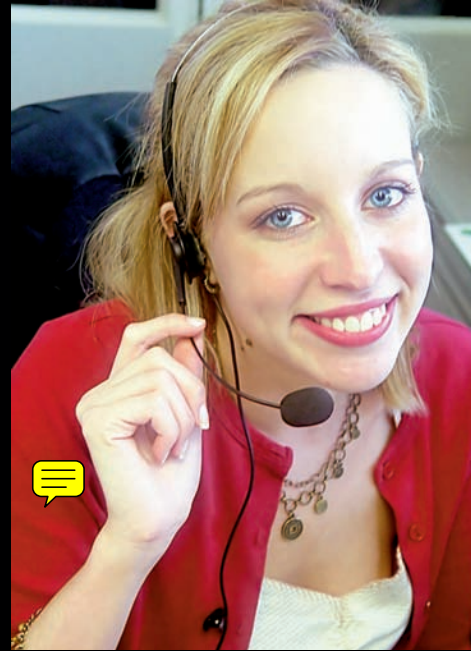

## RIBBONS

American Label distributes quality NCR ribbon products that are darker, cleaner, more durable and easier on your print heads than other brands. Save money in multiple places.

American Label has always done great labels. Now, in response to an under served market we've turned our attention and resources to meet ALL of your thermal printing needs. We are here to serve you.
